To Whom So Ever It May Concern,

Adhiraj Singh has interned with us here at Niiti LLC as an App developer. He was presented with the vision of HuTouch and quickly built the Alpha launch for the same.

He became one of our most valued interns. His dedication and willingness to work long hours to get the job done have made him a favorite team member for everyone on staff. I highly recommend Adhiraj for opportunities in App development where the team is looking for technical feasibility of a concept, converting the solution/feasibility test to a real-life product and support environments to help users appreciate the vision. He offers technical skills to develop mobile apps in React Native platform where R&D, Coding and Unit testing is the core of his day-to-day tasks.

We will miss having Adhiraj on our team, but our loss can be your gain. Please don't hesitate to contact me with any questions.

Best regards,
Neha Nagpal
